EXTRA! EXTRA! -- NaFFAA Ruling Clique Caught Lying Again My Dear Jon: Once again we have caught you and your Ruling Clique making another lie. You could not have approved any manifesto during the August 27, 2009, teleconference of the NaFFAA National Board because you could not get a simple quorum. I was informed by impeccable sources that not even one regional Youth Chairperson participated in the teleconference. So, without the valid quorum, how could you discuss any item in the agenda? Then you posted a press release that once again showed how you and your Ruling Clique distort the truth. You made it appear that the community leaders whom you listed in your "praise release" voted to pass the attached manifesto. You know why, my Dear Jon, your Clique could not produce a quorum -- even on a teleconference? Because many of the members of the NaFFAA National Board are good and decent people. They are not part of the corrupt body of national executive officers (NEOs) that has been raiding the NaFFAA treasury for the past 11 years. This is why the NaFFAA is now bankrupt and unable to pay the rent of its Washington, DC, office and its sole employee, a receptionist-secretary cum telephone operator cum bookkeeper cum everything. The good people of the federation know the adage, "If you lie down with dogs (whether male or bitches and their SOBs), you will get up with fleas." And that is why they are avoiding you and your Clique members. They don't want to touch even your online version of the god-forsaken NaFFAA FLEAS (Filipino Lying Executives and Scoundrels). So, please spare us your faked "praise releases" as releasing them only highlight the intellectual-and-financial bankruptcy of the members of the NaFFAA Ruling Clique, including you. And lastly, many of your Clique members are now septuagenarians. Bakit kayo tumatandang paurong? Hindi ba kayo nahihiya sa inyong mga apo at mga anak? Mabuhay, Lolo Bobby M.
