I'd have to agree with the article. If only Noynoy showed us that he cared enough to stand up to those men/kris' lovers, then he has proven something for the masses. At least he tried. Sa isang pamilya, kung ikaw na lang ang lalaking nalalabi, di ba protective ka? even if you raise hell, at least you tried. NOYNOY DID NOT. It's sad that he thinks of video games and smoking while his sister is taken advantage of Shady men. [Joomla SEO powered by JoomSEF](#)
