Lolo Bobby, ☐ ☐ Let me extend my congratulations too for that satirical gem. And, believe you me that, when someone receives that kind of praise from Pareng Jesse, it's always true and sincere because he rarely does that sort of thing and does that only when someone is really well-deserving of the compliment. That's exactly the reason why I like Pareng Jesse. He is very frank when he speaks and devoid of hypocrisy and pretensions. After all, they didn't call him Jesseng Barako for nothing.
