These "honorable" men who sit in the upper house are supposedly elected BY the people - were it not for the infamous magic of Arroyo, her henchman Garci, and the Ampatuans. in the 2007 elections. Miguel Zubiri, with the help of Senators Edgardo Angara, Richard Gordon, Loren Legarda, Lito Lapid, Francis Pangilinan, and Supreme Court Associate Justices Presbitero Velasco Jr. and Teresita de Castro, has perpetrated this blatant travesty on the people of the Philippines.
