Peter cathedral built format. Despite the founder of the city of st. Petersburg -- great plan, desire and ideal, but not all of the Russian beigu capital after image reflected the original idea. Peter Therefore, 300 years later today, st. Petersburg is still europeans like most, the most familiar in the Russian city of st. Petersburg. About the city, there are many legends and speculation, but in the final analysis, the city's appearance and personality and Peter will contact is most closely. Actually, the city of saint Petersburg is mature gradually. But the original concept or from young Peter. Peter ideal city appearance and dirty,

depression, and not safe, the enemy by Moscow is not the same, the most mature construction scheme is in his European (especially during the trip to the Netherlands). He saw in Amsterdam exciting scene: the city is so neat and orderly, shade, plus the foliage of reflection in water, urban appears pleasant, beautiful and serene. This is the first city model, Peter, but later he's construction conception is gradually enlarged: he thinks, the future of the new city should be like a volant hover over the Neva river in the eagle, In the cities of the fortress, convenient port and large shipyard, should be a strong practicability of Russian cities.
