Very well said, Bobby. Thank you for this. URL: <http://www.mabuhayradio.com/sections/history/6415-will-the-filipino-american-symphony-orchestra-faso-prove-hector-santos-wrong-from-the-historical-viewpoint.html> As the FASO is the first-and-only Filipino symphony orchestra in the United States, we suggest most-respectfully that we must not only support it but also publicize its activities in our respective hardcopy or online publications and/or circles of friends. While the orchestra is being supported financially and morally almost-exclusively by the Asian Journal Foundation, we think that the FASO is beyond politics. It is also beyond petty rivalries that some of our publications have with the Asian Journal newspapers. It is time to come together as a people and as an ethnic community and rally to a common cause that makes us, Filipinos, look good, feel good and proud of our positive contributions to the American society.
