

The 5th Junior Chamber International (JCI) Best Business Plan of the World Competition, a flagship project of Jaycees all over the world, is now going on with the theme "Green Works, Green Minds."

JCI Manila recently chose the winners for the Philippines--the "best green ideas" among those of the contestants, who are all promising young entrepreneurs. Could they also win at the world competition that will be held at the JCI World Conference in Tunisia

during the fourth quarter of 2009? Could they maintain the Philippines

' position as the world winner in the past four competitions? Will you invest in their green ideas?

Assess the JCI Manila winners' potential to achieve business success, make positive contribution to sustainable development, and win the top award at the JCI's world competition. Hear or watch them at Kalikasan, Kaunlaran! (KK!) on August 12, 2009, Wednesday,
