A Satire by Goliath Letterman (not related to David Letterman)

**Many people are saying that there are at least 10 reasons why Donald Trump refuses to release his income-tax returns:**

- 1.0** He is no longer an American billionaire, as his companies are bankrupt again.
- 2.0** He has given zero, nada, zip to charitable organizations and even to the Trump Foundation.
- 3.0** But he has made six-figure donations to the Clinton Foundation.
- 4.0** He has paid zero, nada, zip in U.S. federal and state taxes.
- 5.0** But he has paid thousands of dollars to foreign governments as interest-income taxes on his offshore accounts.
- 6.0** He has incurred huge medical bills, especially to teams of psychiatrists.
- 7.0** He has made huge settlement payments to women who were allegedly his victims as the white-man's version of Bill Cosby.
- 8.0** He has multimillion-dollar loans from Chinese, Russian and other foreign lenders.
- 9.0** He does not want to pay taxes on his foreign income, as he is now a permanent resident of Russia. And ...
- 10.0** He is actually paying spousal support for four wives, as allowed by his Muslim faith.
